SKILLS :

- Java
- Android App Development
- Android Studio
- XML UI Design
- SQLite Database
- REST API Basics
- OOP Concepts
- Git & GitHub
- Problem Solving

EDUCATION :

JAVA INSTITUTE FOR ADVANCED TECHNOLOGY

2023 – Present

BSc (Hons) in Software Engineering

LANGUAGE :

- English
- Sinhala

EXPERIENCE :

ACADEMIC SOFTWARE PROJECTS (ACADEMIC EXPERIENCE)

Java Institute for Advanced Technology | 2023 – Present

- Worked on academic software development projects applying Object-Oriented Programming (OOP) principles.
- Participated in all phases of Software Development Life Cycle (SDLC) including requirement analysis, system design, implementation, and testing.
- Developed and maintained small-scale applications as part of coursework and group assignments.
- Gained hands-on experience in writing clean, structured, and maintainable code.

PROJECTS :

LETS GO ([HTTPS://LETSGONEXT.COM/](https://letsgonext.com/)) | 2023 – PRESENT

Built a tourism transport service for foreign travelers in Sri Lanka, with a live website and a companion Android app.

- Website: multi-page site with private driver and custom tour booking pages, custom design system, and SEO optimization.
- App: Java + Firebase Android app with login, booking, profile, payment, map view, and tour history screens, integrating Google Maps and a payment gateway.
- Originated from an academic group project; independently extended and rebuilt it into a full live product.
